

Frozen PRODUCE

Farm fresh produce frozen at the peak of ripeness!

Our national frozen distribution centers and extensive product lines make Seneca the ideal frozen partner for your store brand, industrial, and foodservice needs.

CLEAN INGREDIENTS

We stick to pure basics for wholesome fruits and vegetables that simply taste better.

FOOD SAFETY

Our six-phase frozen microbiological surveillance program is best-in-class in the industry.

LOCALLY GROWN

Seneca works with USA farmers from coast to coast to ensure you have the freshest regionally grown produce that is always in season.

TRANSPARENCY

We grow our own seed, farm the soil, and harvest our own crops. Every kernel has a story and Seneca knows it well.
